When in Rome...

YOUR DAY. YOUR ROME.

While you are in town for our wedding, take Rome at your own pace and enjoy it whenever it fits your travel plans. A little guide to the big, beautiful Eternal City — for good food, great views, lovely detours, and even better memories. One loving request: our wedding events come first, so please plan your exploring around them — if something only fits during a celebration, save it for another trip. Rome will still be here.
